- **M.S.I INTER COLLEGE, UP, GORKHPUR**
HIGH SCHOOL
PERCENTAGE = 87.33%
2015-2016

About Me

I am a dedicated and enthusiastic computer science graduate with expertise in data structures, algorithms, and web development. Passionate about problem-solving and AI, I strive to contribute to cutting-edge projects. Strong communication and teamwork skills complement my technical abilities, making me an asset to any team.

Internship

iRebel Consulting and Services Pvt. Ltd. | Web Development

May 2022-July 2022

Key responsibilities:

- Developed client websites using WordPress, ensuring attractive and user-friendly interfaces.

Teckjockey.com

sept 2023-Present

Key responsibilities:

- I am working with PHP (CodeIgniter), HTML, CSS, JavaScript, and MySQL, making necessary code changes as per requirements.

Projects

Login & SignUp using Core PHP

- Create a login and signup page, as well as a welcome user page. After that, create a user table page that displays user details following registration. We are using HTML, CSS, and JavaScript for the frontend, and PHP and MySQL for the backend. Additionally, **I have also developed this project using the CodeIgniter framework.**

Image Search Engine

- In the Image Search Engine project, we are using HTML, CSS, and JavaScript, and we are utilizing the Unsplash API.
